The dividend rate and annual percentage yield may change. At our discretion, we may change the dividend rate on the account daily, as determined by the credit union board of directors. Footnotes

*: Foreign checks payable in foreign currency or U.S. Dollars without a U.S. ABA# in MICR line are handled as a collection item by the Domestic or International Collections Dept.

Foreign checks that are not eligible for provisional credit are handled as Foreign Check Collections. Credit is not provided until we receive the payment from the foreign bank. The Credit Union will mail an acknowledgement notice confirming your deposit has been received.

- A foreign check collection will take 4-6 weeks on average to complete (varies by country).

- A minimum check value of 150.00US is required to process a check collection item. This is to avoid processing fees from exceeding the value of the check and resulting in a debit to the depositor.

- Foreign bank fees vary by country and bank. The higher the check value, the higher the fees could be.

- If the country and currency of a check do not match (exception noted above), the check must be processed as a collection.

Payment of a collection, less all processing fees will be credited to the depositors account when final payment for the collection item is received. The depositor will receive a credit notice detailing the exchange rate, fees and total to be credited to their account. All fees for foreign items will be deducted from the proceeds of the item, except for our correspondent bank collection fee of \$65.00 and courier charges of \$15 upon presentation of the check.

**: This fee is Non-Refundable

***: This fee is non-refundable and it is charged to recover a member's account when an account is considered to be abandoned for a period of 3 years and the funds have been sent to the DC Government.

****: The higher of the two.
